COSHH-Do you know all you need to know?

The control of Substances Hazardous to Health Regulations 2002 require all persons at work to be aware of the need to take safety precautions to avoid harm by contact or exposure to hazardous substances. Learn these three general classifications and how to avoid harm being caused to yourself and others.

| Meaning | Safety Precautions |
|---|---|
|  <p>Death, acute or chronic damage to health can result when swallowed, Inhaled or absorbed through the skin. Even a very small quantity may pose a serious risk!</p> <p>Acutely Toxic (severe)</p> | <ol style="list-style-type: none">1, Always wear appropriate protective clothing e.g. Gloves, eyes, face protection. Use respiratory Protection if required.2, In the event of skin contact, wash with plenty of cold water without delay.3, In the event of any contact with any part of the eyes, use plenty of water to rinse the affected area and seek medical advice.4, If you feel unwell after additional contact with one with one of these substances, seek medical advice |
|  <p>Irritant to skin, eyes or sensitiser, Hazardous to Ozone layer</p> <p>Acutely toxic (harmful, Irritant)</p> | <ol style="list-style-type: none">1, Use appropriate respiratory protection.2, Use appropriate protective clothing to prevent contact with the skin.3, Wash thoroughly prior to eating, drinking or Smoking.4, In the event of any contact with any part of the eyes, use plenty of water to rinse the affected area and seek medical advice. |
|  <p>Living things may be destroyed by contact with these substances.</p> <p>Corrosive</p> | <ol style="list-style-type: none">1, Always wear appropriate hand, eye protection.2, Any contaminated piece of clothing must be removed at once.3, The skin must be washed with plenty of water without delay in the event of contact with the skin.4, In the event of any contact with any part of the eyes, use plenty of water to rinse the affected area a and seek medical advice. |
